

# Pol Gubau Amores

## Senior Frontend Developer

### EXPERIENCE

#### Senior Frontend Developer – Mesalvo (Sep 2022 – Present, Freiburg)

- Developed 12+ **custom React projects**, collaborating with the CTO and dev teams.
- Led the creation of a **multi-tenant Admin Portal** managing 20+ apps with custom needs as real-time validation.
- Designed and implemented a **UI Library with 110+ components and 30+ custom hooks**, used company-wide.
- Optimized UX/UI by **enhancing accessibility**, testing, and dynamic theming in Figma and Storybook.

#### Frontend Developer – TrackUp (Aug 2021 – Apr 2023, Barcelona)

- Built and maintained the frontend codebase from scratch.
- Worked closely with design and backend teams to ensure **scalable and agile development**.
- Led frontend architecture decisions, focusing on **performance and maintainability**.

#### Graphic Designer – Nuwe.io (Feb 2021 – Oct 2023)

- Designed **+120 custom media assets** for LinkedIn, Instagram, and marketing campaigns.
- Created event materials: posters, roll-ups, and internal branding assets.
- Developed logos and visual **identity guidelines** for marketing and communication.

#### Full-Stack Developer – UAB Mèdia (Aug 2019 – Jul 2021, Barcelona)

- Improved the university's web service for accessing TV and radio records reaching 10K+ monthly users.
- Maintained and expanded the **PHP and WebTV** codebase in collaboration with the IT team.
- Optimized system performance and user experience.
